

HOME

Installing a surveillance system is one of the most effective deterrents available. The FBI reports that in 2006 there were 2.1 million reported burglaries (that is 740 out of every 100,000 properties). Of these, 66% were residential. Many burglars are opportunity offenders, which means they are not going to go out of their way if you have taken steps to make it difficult for them. Homes without a surveillance system have higher break-in rates. In other words, your home will not be an “easy target” for a burglar. Also, you can save anywhere from 5% to 20% off of your homeowner’s insurance if you have a home surveillance system.

BUSINESS

Retail stores that utilize surveillance technology generally have lower overall inventory shrinkage than those retailers who do not. Technology also allows employees to focus more time patrolling the aisles.

Source of Inventory Shrinkage 2003*

In 2006, U.S. Retailers lost 43.6 billion dollars. 79% of these losses was accounted for from *two* sources:

-Employee Theft	15.8 billion (47%)
-Shoplifting	10.7 billion (32%)

**source: National Retail Security Survey, 2003*

Mega Pixel Cameras

BOSCH -0800 MEGAPIXEL IP CAMERA

The 2.0 Megapixel IP Camera delivers High Rez, combined with high-quality image processing, let these cameras operate in extreme lighting condition from more than 100,000 lux to as low as one lux. Both the frame rate and resolution are adjustable, providing precise fine-tuning of the image to accommodate the bandwidth and storage

Arecont 5 Megapixel Camera

This 5 megapixel camera offer superb High Quality image like no other megapixel can. Both frame rate and lighting are adjustable for fine tuning of you image. Delivering 30 frames per second.

Pelco IX30 Mega Pixel Camera

The IX30 Series with Sarix technology is a 3.1 megapixel network camera design with industry-leading image quality and high performance processing power. The camera comes equipped with advance features needed for demanding security application

Day Night Mega Pixel Cameras

Bosch NMC 0900 Megapixel IP Camera

The Camera produces high-quality streaming video with exceptionally sharp resolution at 32 frames per second. 3.1 megapixel color and 1.3 at night. Automatically switches according to light conditions

Geo Vision 1.3 Megapixel Camera

The Camera megapixel CCD sensor that delivers superb video quality. With high definition up to 1280X1024 and up to 4 times high resolution than conventional VGA/D1 cameras. 1.3 day and 1.3 at night. Cost-effective IP Surveillance solution

Arecont 3.1/1.3 Megapixel Day/Night

The AV3135 camera is dual encoder (H.264 & MJPEG), 3/1.3 Megapixel resolution, dual sensor, IP day/night camera, designed to deliver full motion high definition progressive scan digital video resolution field of view and regions of interest for high definition forensic zooming

Mega Pixel Dome Cameras

Bosch NDN-498 MEGAPIXEL DOME CAMERA

The 2.0 Megapixel IP Camera delivers High Rez, combined with high-quality image processing, let these cameras operate in extreme lighting condition from more than 100,000 lux to as low as one lux. Both the frame rate and resolution are adjustable, providing precise fine-tuning of the image to accommodate the bandwidth and storage

Arecont 5 Megapixel Camera

This 5 megapixel camera offer superb High Quality image. Motorized IR Cut Filter, Image Cropping, Forensic Zooming. Over 80 Billion Operations per second. Camera gimbal with 360 degrees pan and 90 degree tilt adjustments.

Pelco IX30 Mega Pixel Camera

The IE30 Series with Sarix Integrated Rugged Fixed Dome Camera Indoor/ Outdoor technology is a 3.1 megapixel network Camera. Its sturdy metal design is vandal and tamper resistant and is designed for worry-free use in a wide range of environments operating conditions

Day Night Mega Pixel IR Cameras

Bosch EX 0900 Megapixel IP Infrared Imager

The EX 3.1 megapixel day sensor, 1.3 megapixel night sensor Award-Winning Black Diamond technology detection-level night vision at 420 feet Field proven IP67 all-weather design.

Vivotek IP7361 Megapixel Infrared Camera

The IP7361 Megapixel Security camera is a high-end 2 megapixel bullet IP camera built for outdoor surveillance. With high resolution video and a combination of outdoor-specific features such as concealed wiring to prevent tampering. 3-9 mm lens.

ACTi ACM-1231 Megapixel IP Camera

The ACTi ACM Outdoor Megapixel camera with SXGA Resolution at 8 frames per second Weather Proof Day/Night Cut Filter with 2 way audio. 3.3-12 mm Megapixel Lens Hardware Motion Detection W/ POE. MPEG-4/MJPEG Compression Option W/IR Illumination.

Super High Resolution High Speed PTZ (pan/tilt/zoom) Color Cameras

Pelco Spectra III SE Series Day/Night PTZ Dome Camera The Pelco Spectra Series PTZ is a hi-res outdoor color & b/w PTZ dome feature Day/Night operation that switches from color in the day to black and white at night. It has over 470 TVL of resolution, .08 lux (color), .3 lux (b/w) and has a 230x (23 optical, 10x digital) zoom lens. Available with clear and smoked domes.

MCPR PTZ-22 High Speed PTZ Dome Camera* The MCPR PTZ-22 is a high-speed programmable hi-res PTZ outdoor color dome featuring an impressive 300x (25x optical, 12x digital) zoom lens operating at 480 TVL and .01 lux. 24VAC.

Panasonic WV-CS854B Day/Night PTZ Camera The WV-CS854B PTZ camera features Super Dynamic II Technology that switches from color during the day and black and white at night. It has a 220x zoom lens (22x optical, 10x digital) and operates between 480 TVL, 1 lux (color) and 570 TVL, .06 lux (b/w). 24VAC.

Bosch EnviroDome The Bosch EnviroDome is an outdoor, weather resistant Day/Night PTZ camera incorporating AutoTrack motion tracking. It has 470 TVL of resolution, .05 lux (color/day), .013 lux (night, b/w) and a vandal-proof dome. It also has a 300x (25x optical, 12x digital) zoom lens.

New Feature Highlights

- *640 x 480 recording/display resolution
- *Alarm to email
- *Multi-level password protection
- *Screen pop-up on motion/alarm activation
- *Schedule and day/night recording modes
- *Point of sale (POS) integration
- *Mpeg4/Wavelet compression technology
- *Built-in web server
- *Digital watermark authentication
- *Remote access to log file database
- *Synchronized audio and video
- *Multiple server management
- *On-screen video lost message

4 Camera DVR*

The 4 Camera DVR system is a value all its own. This system is designed for smaller areas of coverage that requires reliability and ease-of-use.

\$1,499.00

8 Camera DVR*

The 8 Camera DVR system is designed for medium areas of coverage that demands reliability and quality.

\$2,499.00

16 Camera DVR*

The 16 Camera system is designed for large areas of coverage that are demanding in reliability, quality and performance.

\$3,499.00

MCPR custom designs, builds and tests each DVR using only the highest quality PC components ensuring trouble-free operation for many years to come.

Standard System Features

- *3.0 GHz Pentium 4 Hyperthread
- *17" LCD color monitor (with keyboard and mouse)
- *1 gig RAM (dual channel 512)
- *800 MHz FSB
- *500 Gb HD (7200 rpm 8 Mb buffer)
- *16x DVD Writer/DVD ROM

**upgradeable*

**prices do not include cameras or installation*

**financing options available*

Super High Resolution Color/B&W Day/Night Cameras

Pelco CC3770H-6 CCD Day/Night Camera*

The CC3770H is a high resolution digital day/night camera that switches from color to black and white mode, depending upon available light. Resolution of 480 TV Lines, .7 lux (color mode); 530 TV Lines, .09 lux (b/w). 24VAC/12VDC. **Lens not included*

Panasonic WV-CP240 CCD Day/Night Camera*

The WV-CP240 features high res and sensitivity. These cameras switch from color in the daytime and black and white at night. Resolution of 480 TVL .8lux (color); 570 TVL, .1lux (b/w). 24VAC/12VDC.

**Lens not included*

Sanyo VCC-4594 CCD Day/Night Camera*

The VCC-4594 features external override control for color to B/W switching. High resolution of 520 TVL (color and b/w), .6 lux (color), .03 (b/w). 24 VAC.

**Lens not included*

Bosch LTC 0498 Dinion 2X Day/Night Camera *

The LTC Dinion camera is a high performance, smart, surveillance camera. It uses a 1/3-inch wide dynamic range CCD sensor and incorporates advanced (20-bit) digital signal processing for outstanding picture performance. 540 TVL of resolution.

**Lens not included*

High Resolution Vandal Proof Indoor/Outdoor Color/B&W Day/Night Dome Cameras

Pelco ICS110 High Resolution Vandal-Proof Dome

High resolution color dome camera with LowLight DSS Technology. 480 TVL, .025 lux with fixed (6-9-12mm) or varifocal lens (2.6-6mm, 4-9mm), clear or smoked domes. Rugged, high impact vandal resistant weather resistant puncture proof domes. 12VDC/24VAC.

Sanyo VDC-VA Series High Resolution Day/Night Vandal Proof Dome

The Sanyo VDC-VA Series comes in two configurations: in-ceiling (VDC-D2184VA) and the surface mount (VDC- D1184VA). 520 TVL(color, b/w), 1.2 lux (color), .04 lux (b/w). Comes with a built-in 2.8-8mm varifocal lens. 12VDC/24VAC.

Bosch VDN-498 Series Flexidome 2X Dome Camera

The Flexidome is the ultimate solution for virtually any indoor or outdoor surveillance application. This vandal-resistant dome camera uses a 1/3-inch, wide dynamic range CCD sensor and incorporates advance (20-bit) digital signal processing enhance sensitivity. 540 TVL of resolution.

Panasonic WV-CW Series High Resolution Day/Night Vandal-Proof Dome

The Panasonic WV Series is a vandal-proof dome camera with 480 TVL and .8 lux (color/day), 570 TVL and .1 lux (b/w, night). WV-CW47AF (flush mount), WV-CW47AS (surface mount). 24VAC/12VDC.

M CPR Product Series DVRs

M CPR's GV- Series is a PC based surveillance system designed to produce video, audio and data from local and remote network surveillance environment. With more special features and more integration versatility provided. The GV- Series Surveillance system delivers more powerful and streamlined surveillance operation performance as well as enhanced management Efficiency. In addition it offers advantages that convert into a low cost of installation and unlimited connectivity options

New Feature Highlights

Remote Playback and Monitoring

The M CPR Series is a true network surveillance system. We offer a wide range of solutions for remote playback and monitoring. Captured video images or videos can be easily distributed to any remote location(s) through a LAN/WAN environment or Internet connection.

Smart Recording Technology

Smart Recording Technology, based on alarm or motion detection, automatically distributes the frame rate to the camera that needs it the most. This allows for a more efficient way to utilize your DVR resources.

Built-in Motion Detection

M CPR's product series' motion detection can be configured individually for each camera. Sensitivity and masking area can be adjusted separately according to environmental condition providing a reliable and accurate detection.

Embedded PTZ Palette

PTZ (pan/tilt/zoom) capable cameras can be controlled directly from M CPR's series products with the RS 232 or 485 remote control. Control of camera movement is available via the embedded control panel on the video display window.

Color Bullet and Infrared Cameras

Ever Focus Hi/Rez Day/Night Infra Red Camera

The Ever Focus Bullet Camera Is Ideal for a wide range of coverage. It has a 6-50mm lens with a range of 160 feet in total darkness. Delivering 560 TVL . It is weather resistant and 0.002 lux. 42 high power illuminating LEDs. Vandal resistant.

Toshiba Day/Night Infra Red Camera

The IK-7200A is a High/Rez Day/Night Color delivers 480 TV lines (768 X 494) 3.7mm to 10mm vari-focal lens. 36 long range high-intensity IR led is ideal for situations that call for hi-res images in low light conditions. Weather proof and resists corrosion.

Arm Electronics Day/Night Infra Red Camera

The C540BCIR100 High Resolution Night Vision Camera is Dual Voltage with Infra Red range to see up to 100 feet in total darkness. Has a fixed 6mm Auto Iris lens with a feed threw cable mount. It is perfect for outdoor applications as it is waterproof.

Bosch WZ20 Day/Night High Rez Infra Red Camera

The WZ20 brings together High Rez LXR imaging the latest advance technology. Delivering 550 TVL. The camera delivers 150 feet of high performance night vision. It also has a 5-50mm vari-focal auto iris IR corrected lens . Great for day/night surveillance
